

# Dog Walk

The Swifto Team is fully aware of how much people care about their dogs, so we have made it a point to only hire the best dog walkers in the city. We've done this by carefully vetting every single dog walker that we work with. We ensure that our dog walkers are the best of the best!

## **Track Your Dog In Real Time**

1. Receive a message when the dog walk begins.
2. Watch the walker's route live on our map.
3. Walker indicates actions done by your dog on their walk.
4. Receive another text message at the end of the walk, with details of what occurred.
5. Receive by email a lovely picture of your dog.

# Swifto's Insurance

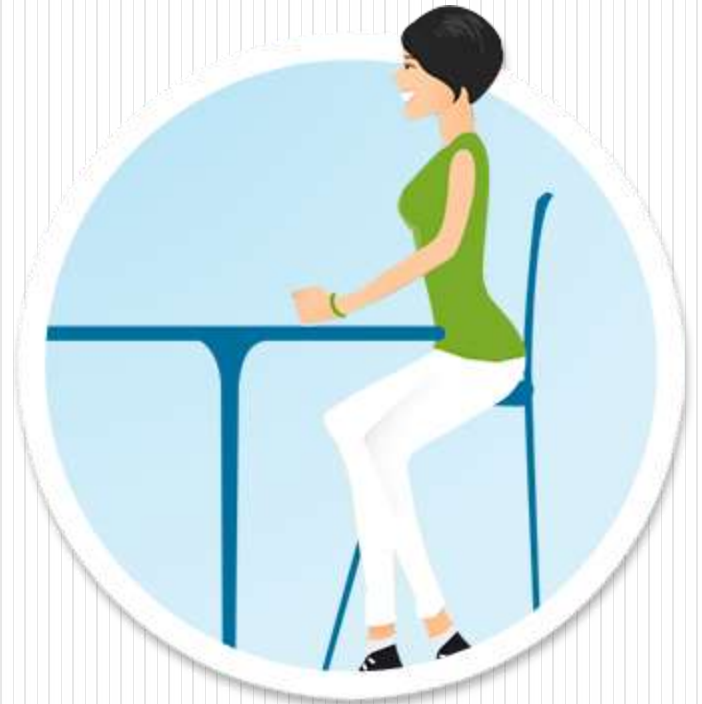

While we hope everything goes well on our dog walks, we understand accidents can happen. We're prepared for any surprises by providing our walkers with dog walking insurance. Swifto dog walkers are covered by insurance. This insurance covers any accidents that may occur when your dog is in our care. It's another way Swifto ensures your comfort.

# Two Interviews

## What It Takes To Be A Swifto Dog Walker

Every single person that becomes a dog walker for Swifto goes through two interviews. One phone interview, to make sure that they meet our basic requirements, and then a personal interview to make sure that they are experienced, knowledgeable, and passionate about dogs. Our staff only selects the cream of the crop: the people with the best dog walking (and people) skills who will provide quality customer service every single time.
